Saturn 1 Highbay

The perfect hall spotlight
The Saturn 1 Highbay with COB module is perfect for replacing conventional indoor luminaires up to 150 W. It is ideal for retrofitting outdated lighting systems in industrial and production halls. According to BRAUN’s Future-Proof principle, the COB and the reflector system can be easily replaced with newer technology in the future.

Easy installation. The standard configuration for chain suspension with stainless steel eyebolts guarantees fast conversion times. Various control options are available on request.
