Jobs

Start your future with BRAUN Lighting Solutions

For more than 20 years, BRAUN Lighting Solutions has been planning, producing and distributing innovative lighting for indoor and outdoor applications. With our energy-efficient and low-maintenance LED technology, we renew or modernise the lighting installations and street lighting systems of our customers from the public sector or private industry. Our workplaces are, for example, public roads, airports or industrial and production halls. We help our customers to save energy and thus CO2 and to significantly improve their environmental balance.

With creative ideas and new products, we are constantly pushing into new areas and inspiring new customer groups with our solutions. We are a family business and are convinced that innovative strength, courage and team spirit are important factors for success in a rapidly changing world. Our tools are a profound knowledge of materials and technologies, short decision-making processes and the enthusiasm to change things and make them better.

Through our ideas, we help shape the climate change and can offer you a dynamic and healthy working environment with interesting tasks. With us, the employee is not simply a resource, but a member of our working community, which is constantly developing and growing.

Do you want to make a difference? Then become an energetic reinforcement of our committed, friendly team and develop new perspectives with us!

Our career opportunities:

Installer, electrician, electrical helper

Businesswoman/-man for back office in sales and online shop

Please send us your complete application documents by e-mail to personal@braun-lighting.com. We are also happy to receive unsolicited applications.
