

CAD DRAFTSMAN

For more than 20 years now, BRAUN Lighting Solutions has been helping customers with their lighting needs. BRAUN Lighting Solutions is your specialist for innovative and sophisticated indoor and outdoor LED lighting from our own production in Berlin. Our focus is on street lighting with modern or historical reference, plant lighting as well as airport and industrial lighting. In addition, we can convert your existing lighting to the latest LED technology.

To strengthen our design department, we are looking for CAD Draftsmen (m/f/d) in full-time immediately.

Your responsibility:

- Creation of production drawings of individual components
- Creation of technical drawings incl. parts lists of assemblies
- Modification and adaptation of older drawings and parts lists
- Creation of individual parts and or assemblies
- Reconstruction of existing components

Your profile:

- completed technical vocational training
- confident handling of SolidWorks
- independent work
- technical understanding
- ability to work in a team

This is what we offer:

- 40 hours full-time job with fixed working hours and without shift work
- the location offers a good connection to public transportation and the federal highway 101
- flat hierarchies, the boss is available for every employee
- a competent and helpful team
- challenging activities
- a responsible position

We are looking forward to your application!

Please send us your complete application documents (cover letter, curriculum vitae and, if applicable, references), stating your salary requirements and the earliest possible starting date, by e-mail to personal@braun-lighting.com
